Especie:	<i>S. aurata</i> LINNAEUS, 1758

GILTHEAD SEA BREAM (*Sparus aurata*)

ΤΣΙΠΟΥΡΑ– DORADE – ORATA-DORADA-GOLDBRASSE-DOURADA-DORADE-KOCE-DOPADA

It is of silver color with a black spot at the beginning of the side line above the operculum and a small orange spot below it. Its name was inspired from a bright golden arc (similar to a royal gilt) on its forehead.
